## School's Out

### *Mattapoisett's YMCA Provides After School Fun*

Some of the kids shuffle around the brightly-lit, open room, waiting for further instructions. Others huddle in a game of pushing and shoving, while a solitary boy eagerly punches the buttons on a Nintendo Game Boy.

Then, everyone is rallied at one end of the hall-like room and is told they have to cross to the other side but can only step on a scattered series of frisbees and hula-hoops. These items represent floating luggage amidst a sea of shark-infested water.

The game is called a luggage initiative — an exercise designed to promote group problem-solving — and it's just one of the many educational activities offered to participants of the After School Program at the YMCA Youth and Family Center on Reservation Road in Mattapoisett.

"We've done a similar exercise like this before," said Jessica Shannon, Director for the After School Program. "It gives (the kids) a problem which they have to solve by working together in a group."

Hired last year to coordinate the fledgling After School Program, Ms. Shannon has worked at the YMCA facility for the past six years — mostly as a counselor with the Camp Massasoit summer program — and has always been eager to keep up the momentum year-round.

"When I had been a summer camp counselor, I always said I'd love to do this job full-time," she said. "Now that I am, I think it's great. You really get to know the kids better when you work with them all year."

Ms. Shannon and her assistant, fellow New Bedford native Sue Eusebio, had their hands full this past Tuesday with some 20 kids who spent a full day at the facility due to an In-Service Teacher's Day at local schools. Despite the cold and icy weather outdoors which forced them to remain inside, they seemed to take the work in stride as they effortlessly gathered everyone for lunch time.

Not surprisingly, both women are studying for careers in Elementary Education and both display a natural talent for commanding children's attention.

"I definitely want to work with kids," Ms. Shannon said. "I have a BA degree from Providence College and I'm going back to school for education. I think working here has been a great experience for me."

Ms. Eusebio, who's been at the camp for five years, agreed. "I enjoy working with the kids, especially in this program," she said.

The After School Program seems to have become a big hit with the kids as well, considering the consistent enrollment rate. Currently the program accepts students from Center and Old Hammondtown Schools in Mattapoisett and will soon be expanding to include East Fairhaven Elementary. The facility provides bus transportation for students from their respective schools and offers a three-hour program every weekday afternoon while school is in session.

Although the program is still relatively new — having only been in full swing for about a year — it has also met with swift approval from local residents, parents, and schools. Center Director Mary Edmiston attributes this to the quality, spacious facility and the hard work of various staff members.

"We've been very pleased with the results of the program and the local support has been wonderful," she said. "Parents have been very supportive of the program and the staff ... and I think we offer a unique facility, especially for older children."

Ms. Edmiston noted that the facility is licensed to provide day care to 26 children on a daily basis and there's still room for a few more enrollments. The Center has been accommodating an average of 16 to 18 students a day and will gladly accept others who fall into the age 6 to 12 or Grade 1

"We're pleased with the response so far, but this is a large facility — we've got room for a few more," she said.

The program runs from 3:00 to 6:00 pm on Monday through Friday and includes a wide array of activities such as arts and crafts, board games, field trips, holiday crafts, storytelling, nature hikes, and more. When warmer weather arrives, additional activities are offered to make full use of the waterfront facility including archery, sailing, swimming, field games, kickball, and other outdoor sports. Snacks are provided to all participants, and an optional hot lunch is offered for full-day participants.

Ms. Shannon also noted that time is allotted each day for students to engage in quiet study, reading, or homework. "We like to encourage students to set aside time each day to do their homework," she said.

Weekly fees for the After School Program are $40 for YMCA members, $50 for non-members. There is also a daily fee structure of $8.50 for members and $10.50 for non-members. A small, one-time registration fee of $5 is required for all new enrollments.

To find out about registering or for further information on this and other YMCA Youth and Family Center programs, please call 758-4203.

payrolls, bills, licenses, permits and correspondence for the week. Chairman DeCosta then noted the following meetings scheduled for the upcoming week:

• Thursday, January 20 at 4:00 pm — Tobey Hospital meeting (Chairman DeCosta will attend).

• Thursday, January 20 at 7:00 pm — Mattapoisett River Valley Water Supply Protection Advisory Committee meeting in Town Hall Conference Room. Chairman DeCosta noted the meeting has since been cancelled.

• Saturday, January 22 at 9:30 am — Discussion with representative from the Public Access Board with regard to repairs to the boat ramp and the town wharf.

• Monday, January 24 at 7:00 pm — Tri-Town Housing Co-op meeting at Town Hall.

Resident Peter Martins of 17 Main Street came before the board with an initial design for the town flag which will be placed in the Hall of Flags inside the State House in Boston. Mr. Martins, who is a local freelance artist, showed a sketch which included images of a scallop shell, cranberries, a whaling boat, and a herring surrounding the town name and translated Indian title "place of rest."

The board commissioned Mr. Martins to

design the flag which will later be sent to the State House. No deadline has been set for completion of the project.

Under incoming correspondence for the week, the board began with a notice that the 1812 House on Marion Road has applied to the Outdoor Advertising Board for a renewal of their off-premise signs located at County Road (Route 6) and Marion Road (Route 6).

Building Inspector Andrew J. Bobola next sent a request to the board to purchase a new computer for use by his department as well as the Board of Appeals. Mr. Bobola advised that half of the total cost of the computer purchase can be absorbed by both departments. Mr. Bobola requested that the Selectmen consider approving an expenditure of $400 from the Computer Budget for this purchase.

Continental Cablevision's General Manager, Carol Ditata, next submitted her response to a letter from the board concerning recent complaints waged by Mrs. Dorcas Layport. Ms. Ditata advised the board that Mrs. Layport's account has been credited for the $28.44 collection charge and she also noted that under the re-regulation bills were sent out late in order to be in compliance with the new federal laws.

Rep. William Straus sent a copy of his letter to the Executive Office of Communities and Development endorsing an increase in the home price limits of the Soft Second Mortgage Loan Program under the auspices of the Marion/Mattapoisett/Rochester Housing Co-op. Rep. Straus noted in his letter that an increase of home price limits to $150,000 would greatly benefit the program in the tri-town area.

Rep. Straus also submitted a copy of a second letter which he sent to Superintendent of Schools Joan M. Walsh concerning the granting of a waiver to both Mattapoisett and Marion under the new Education Reform Act. Rep. Straus cited this as an

example of the law's being "applied with flexibility for the particular circumstances."

The board received a copy of the fourth Quarterly Report from Continental Cablevision itemizing some 86 complaints filed by customers for a total of 552 complaints this year. Most complaints centered around quality of picture and temporary interruption of service.

Old Colony Regional Vocational Technical High School's Superintendent-Director David Ferreira sent a letter to the board advising them that he will do whatever possible to expedite the budget process as soon as the required data is received from the Department of Education. Because of the Education Reform Act of 1993, the schedule for budget development for Old Colony has been altered, according to Mr. Ferreira. Since assessments are now governed by the Department of Education, a final budget for fiscal 1995 cannot be prepared until this information is supplied.

The state Office of Health and Human Services sent a notice to the board that the week of March 6 - 12 has been designated as Women's Alcohol and Drug Awareness Week. The Women and Substance Abuse Task Force has asked if the board would be interested in organizing an event for the community.

The law firm of Kopelman and Paige, P.C. sent a notice to the board that they will be conducting workshops at the annual Massachusetts Municipal Association (MMA) meeting on January 28 and 29 and urged all to attend. One of the

workshops will focus on a municipal law review and the other will discuss procedures for liquor license hearings.

Chairman DeCosta then noted a letter from the United States' Department of Justice and an enclosed check for $53,075.09 which was sent to the Police Department and Chief James F. Moran for their assistance in a drug smuggling case which has been ongoing since 1979. The money represents 10 percent of currency forfeited in the case.

In an attached letter from Chief Moran, he explained that the money received was from a Swiss bank account that had over $530,000 in it which had been deposited by one of the principal persons involved in this investigation and who resided in both Boston and Mattapoisett. The person was involved in a marijuana smuggling ring which brought tons of the illegal substance from Columbia and imported it to the United States via sailboat and off loaded at various drops from Virginia to Maine.

Payments of up to $500,000 were made at the Mattapoisett house where persons involved would meet, be paid, and plan another drug delivery. As the years went by, Detective Sgt. Edwin Pina and Detective Mary Lyons became important players in the investigation which led the indictments of 10 people by a Federal Grand Jury in 1992 for

The money received, under contact with the U.S. Attorney and Department of Justice, will be used strictly for law enforcement purposes by the Mattapoisett Police Department and to support the DARE program at area schools.

The board agreed to meet on Thursday, January 27 at 6:00 pm with the three firms which have been selected as possible engineers for the North Street project. The finalists, which were narrowed from a field of 14 bidders, are Gannett Fleming of Braintree, MA; Greenman-Pedersen, Inc. of Marlboro, MA; and Tibbetts Engineering Corporation of Taunton. The board will review their proposals and select a final engineer from among the three.

There being no further matters to come before the board, the board adjourned for the evening at 7:55 pm.

## Marion Selectmen's Meeting

***January 18, 1994***

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, January 18, 1994 at 7:00 pm by Chairman James S. Dougall. Also present were Selectman Loretta B. Schaefer, Selectman Albert E. Winters, Executive Secretary Ray E. Pickles, and Secretary Helene Craver.

After approving the minutes of the January 11 meeting and signing all the warrants and correspondence for the week, the board approved a special liquor license for the Marion VFW for a Steak Supper which will be held Saturday, January 22.

Selectman Winters then took a moment to remind town residents of the tragedy in California and to encourage those who can assist through donations to charitable organizations to do so. "The (earthquake) is a horrendous tragedy and I'd like to urge everyone to contribute to the established relief agencies," he said. "It's a good time for us to count our blessings and consider helping those in need."

Under the Department of Public Works report for the week, Chairman Dougall noted that DPW Superintendent Rob Zora had informed the board that the Oakdale Avenue project has been temporarily put on hold due to the sub-freezing weather conditions. Spot sanding and snow removal has continued throughout the week with prevailing icy road conditions in town. Last week, Mr. Zora reported that the allotted snow removal budget is essentially depleted, but funding will be taken out of the DPW account and later made up in the Special Town Meeting within the next Annual Town Meeting.

Under incoming correspondence, the board received a memo from Town Clerk Debra M. Blanchette notifying them that the names of those who have passed away will no longer be included in the Annual Town Report published each year.

Mr. Pickles elaborated on the reason, saying that state law considers the printing of any child births out of wedlock illegal. By the same token, the printing of recent deaths has led to undocumented aliens assuming the social security number and

identity of the deceased, not to mention the increased cost of printing long lists of those who have passed on within a given year.

"Under our current by-laws, we are required to deliver the Annual Town Report to every resident," Mr. Pickles said. "I would suggest placing an article on the next Annual Town Meeting warrant to change that procedure ... and make them available only at Town Hall. That would save us some $450 in postage each year and we could reduce the number of copies from 2,100 to 1,000."

Selectman Schaefer told Mr. Pickles to draft a warrant article on this matter for the board's approval.

Diane Duebber, Council on Aging Coordinator, sent a request for support to the board in a van giveaway sponsored by the Massachusetts Association of Council on Aging and Senior Directors, Inc. Twelve Ford Arrowstar vans will be distributed to local COA groups based on review team recommendations.

The Board of Selectmen unanimously agreed to draft a letter of support on behalf of the COA to acquire one of the vans being offered.

The Marion/Mattapoisett/Rochester Housing Co-op sent an informational letter to the board regarding their recent request to increase the maximum home price limit from $125,000 to $150,000 for the Soft Second Loan Mortgage Program. Housing Co-op President Lee Craver further explained the reasons for requesting this increase from the Executive Office of Communities and Development. "The $125,000 limit just misses many people's eligibility for the program (in the tri-town area)," he said. "If we increase to $150,000, we have the potential of increasing the number of mortgages by 75 percent."

The Housing Co-op has successfully provided eight first-time home buyers in the tri-town area with a mortgage under the Soft Second Loan program. That translates to roughly one loan per 2,000 population, Mr. Craver noted, a much higher percentage than one loan per 100,000 which was awarded to Cape Cod home owners last year.

The Department of Environmental Protection (DEP) sent the board a copy of a letter submitted to John T. Mahoney regarding

The New Bedford Women's Center next sent the board a letter of thanks for the town's contribution of $2,000 to the group's Sexual Assault Program. The funding for this program will provide continued crisis intervention, medical/legal assistance, and counseling to women, children, and men who have experienced rape, incest, and/or sexual assault. Last year, the group responded to 151 cases of rape or sexual abuse and provided counseling to 79 families.

Selectman Schaefer noted that the Marion Mother's Club had requested the use of Island Wharf on Saturday, May 21, 1994 for their Second Annual Crafts Festival. The board unanimously approved the club's request.

## Rochester Selectmen's Meeting

***January 18, 1994***

***By Bethany Morgan***

A regular meeting of the Rochester Board of Selectmen was called to order on Tuesday, January 18, 1994 at 7:02 pm by Chairwoman Lorraine Roy Hawkes. Also present were Selectman David L. Hughes, Selectman Michael Murphy, and Administrative Secretary Shirley A. Ferreira.

Following the approval of the minutes of the January 10, 1994 meeting, the board met with representatives of the Old Rochester Regional School Committee — Alan Bare and Thomas Wynne — to discuss the appointment of Kristine E. Nash to fill the position created by the resignation of Patrick Lidden. Chairman Hawkes began by reading the letter of interest Ms. Nash had sent to the board indicating her qualifications and reasons of interest.

Ms. Nash, a secondary level English teacher for twenty five years in the Bridgewater school system, has previously served on the Rochester Memorial School Committee as well as the ORR School Committee. Her reasons for leaving the committee were business-related. Mr. Bare informed the board of his confidence in Ms. Nash as a candidate, being fully aware of the time and responsibilities involved as well as her interest in serving the community and its children.

Ms. Nash then indicated that she intends to run for the position when the term expires in April of this year. Chairman Hawkes motioned to appoint Ms. Nash to the Memorial School Committee with the term to expire April 14, 1994. The board unanimously agreed and sent Ms. Nash to get sworn in.

Incoming correspondence for the week included a copy of a letter from Lee Craver, Marion/Mattapoisett/Rochester Housing Co-op President, to Secretary Mary L. Padula of the Executive Office of Communities and Development, regarding the soft second mortgage program. Mr. Craver has requested the current limit of $125,000 to be extended to $150,000 thereby increasing the availability of homes by

45 percent. State Representative William M. Straus had also sent a letter to Ms. Padula supporting Mr. Craver's increase request. The board then voted to write a letter supporting Mr. Craver's position.

Request from the Town of Foxboro Board of Selectmen to write a letter to state and local representatives in opposition to the proposed Megaplex. The board agreed to remain neutral regarding this issue.

A copy of a letter from Regional Sanitarian Karen Walega to Outdoor World indicating that the Rochester Board of Health — due to the lack of response to inquiries regarding septic repairs without a permit — will not issue further permits to Outdoor World which will prohibit them from opening in the spring.

Public Prosecutor Harry Schmitt sent a copy of his budget for fiscal year 1995.

The Buzzards Bay Action Committee requested the board review comments regarding information on the Funding Implementation of an Oil Spill Mutual Aid Program with a deadline of January 26.

Selectman Hughes indicated that the town would have to invest in more than just a boom, but also a place for storage, training for operators, and further equipment. Selectman Hughes also down played the necessity for such a program by reminding the board that if there were to be an oil spill, federal regulations require the party responsible for the spill to pay the costs involved for cleanup. The board then agreed to write a letter indicating that the town, at present, will not be making use of such a program.

The Planning Board and the Board of Appeals submitted

Under New Business, Chairwoman Hawkes requested the board contact David Ferreira to commission Old Colony students to upgrade the wiring outside and inside the Town Hall. The board unanimously agreed.

The board then met with Ronald Boucher regarding Casey Cutler's Boy Scout Troop #31 project for Eagle Scout. Mr. Cutler would like to dedicate an area in town to the late William D. Watling as part of his project.

Selectman Hughes suggested that Mr. Cutler, a senior at ORR High School, dedicate part of the Mattapoisett River — from the bridge to the herring counter — and name it the William D. Watling Reservoir. Also, the town will be commissioning signs to be made for Mr. Watling and Thomas Gayoski and intends to honor both on Memorial Day.

Selectman Hughes asked Mr. Cutler and Mr. Boucher if the dedication could be sponsored jointly by the Boy Scouts and the Board of Selectmen. Mr. Boucher and Mr. Cutler agreed. Mr. Boucher informed the board that the Eagle Scout's requirements for a project are more involved than a dedication.

Selectman Hughes suggested that Mr. Cutler meet with him for a tour of the area and a history of William Watling's accomplishments. Chairman Hawkes suggested Mr. Cutler check out the area with Selectman Hughes, develop a plan, and return to the board to discuss the matter further. Selectman Hughes said that there is work to be done there and Mr. Cutler should have little trouble devising a plan.

There being no further business to come before the board, the board unanimously voted to adjourn at 7:40 pm.

*Do you want to raise responsible children?*
*Allow them responsibility.*
*Do you believe children are innately creative and capable?*
*They are.*
*Do you believe there is something wrong with our system of education?*
*There is.*

We are starting a democratic school, a place where children learn to be responsible for themselves and to their community. It's a place where children are allowed to develop their innate talents and capabilities — and our children are much more capable than we think they are.

"Education reform" is not reform: it's simply more of the same, and that's not working.

Come to a meeting to learn about the democratic school. We need to change our ideas about how we educate our children, and why we do what we do. We're looking for parents, teachers, and the curious.

## Area Residents to Participate in Easter Seal Telethon

Melissa Schneider of Rochester had an opportunity to meet Sheila Tierney of Tierney Law Offices and Jim Collins, director of personnel, Alberox, at a recent Easter Seal Telethon committee meeting. This is the second year that Ms. Tierney will raise funds for the Telethon. Jim Collins is the southeast regional chairman for the Telethon.

"It's worth the effort to help Easter Seals," said Mr. Collins. "Eighty-five cents of every dollar go directly to programs for men, women, and children with disabilities — right here in our own community. The programs really make a difference in people's lives. Melissa is an example of these services; she was born with Fryn's Syndrome which causes multiple birth defects, and has left her partially deaf and legally blind. Easter Seals provided her with extensive Home Health Care services, physical therapy, and occupational therapy."

Additional Easter Seal services include therapeutic swim, summer camp, speech therapy, support groups for people recovering from strokes, technology for independence, equipment loan, and information and referral.

Broadcast date for the 1994 Telethon is March 6 on WLVI-TV, channel 56.

January 25, Seth Mendell will present an illustrated lecture on the old salt industry and salt works of Mattapoisett and vicinity. Seth is most knowledgable about this topic as it was the theme of his Master's Thesis, plus the fact that his father, Charles Mendell, was one of the founders of the Museum and its first Curator for several years.

The program will be held at the Museum and Carriage House on 5 Church Street in Mattapoisett at 7:30 pm. The public is cordially invited to attend.

By the way, if you are looking for a little something to tuck in with those February Valentines, how about a Gazebo or Town Hall ornament/ suncatcher? They will be on sale during the Salt Works presentation along with other items including notepaper, the "Walks Around Mattapoisett" book, and the cookbook.

If you are waiting for the arrival of your reserved copy of *Mattapoisett and Old Rochester*, we also hope those will be on hand at the same time.

## Tri-County Symphonic Band Children's Concert

The Tri-County Symphonic Band will present its annual FREE children's concert at 3:00 pm on Sunday, January 30 in the UMass Dartmouth auditorium. George A. Dietzler will conduct and Phil Paleologos will narrate.

The program will include numbers with which most of the children are familiar — highlights from *Jurassic Park* and also from *Aladdin.* Harold Walters' *Instant Concert,* a medley of thirty different tunes, is sure to please the children. Also featured will be Balay's *Andante and Allegretto* and a woodwind quintet performs Rossini's *William Tell Overture.*

Children attending the concert who wish to lead the band will be asked to register at the door. Ten lucky registrants will be selected to conduct the band in a march composed by Mr. Dietzler. The youthful conductors will be given their batons to keep as souvenirs of their debut as leaders of the band.

Admission is FREE to both adults and

*Class Picture Day*

On Thursday, January 27, all Kindergarten through Grade 3 classes and the Project GROW class will have group/class pictures taken. These pictures will be used in the school yearbook to be published before the end of the current school year.

Information regarding the cost of these pictures will be sent home with each student on Monday, January 24.

*After School Programs*

For the past two years, Center School has offered an After School Enrichment Program for students. This program has developed as a result of the expressed desire by many parents to have more activities available to students after school. After school activities in the past have included arts and crafts, sewing, quilting, computer workshops, drama, drawing, baton twirling, soccer, clay, writing, and introduction to foreign languages.

The school would like to be able to continue to offer these programs again next year. In order to ensure the continued success of the program, parents are being sought who are willing to conduct a workshop during the remainder of the 1993-1994 school year. Each workshop runs for an eight-week period, and presenters are paid for conducting the workshops. Session One of the After School

## Tabor Academy Course Open to the Public

Tabor Academy will offer a second semester English elective titled "Exploring the Extraordinary" to both Tabor seniors and area residents. Beginning February 2, the course is scheduled for fourteen sessions on Wednesday evenings from 7:00 to 9:00 pm.

"Exploring the Extraordinary" will survey works of non-fiction which deal with the lives of men and women who have demonstrated exceptional capacities — capacities enabling these individuals to function at the outer limits of human potential. Such capacities range from extraordinary perception and ways of knowing to exceptional athletic mastery and healing prowess, including unusual abilities in communication, love, vitality, will power, and nonordinary states of consciousness.

The course will stress the lives of real people and their abilities to integrate body, mind and spirit. Tabor seniors and area residents will grapple with discussion questions in small groups. The course will be taught by Bart Nourse, a Ph.D. in international relations with further training in the history of ideas and the environmental sciences.

Class meetings are slated for February 2, 9,

## Sippican Historical Society

The Sippican Historical Society, opposite the General Store in Marion, will open once again in the spring on Saturday and Sunday mornings as soon as the repairs and redecorations are finished. We need volunteers to do this, however. Please phone for further information or for an appointment to see the museum — 748-0927 (days) or 748-1375 (evenings).

We are also hoping to complete our set of Marion Town Reports. We could trade our duplicates for any of the following: 1852-1884, 1886-1889, 1891, 1892, 1893, 1903, 1906, 1927, 1928, 1951-1962, 1967, 1968, 1969, 1974, 1978, to the present. Please phone 748-3036.

The Society is also very interested to hear of or to see any photos, maps, or historical records about the Fessenden experiments in trans-Atlantic wireless telegraphy, both the receiving and the transmission, which started in 1906 and grew to be very successful during World War I and World War II. Names which may help trigger the memory are Alexanderson alternators, National Electric Signaling Company, Brant Laboratories, and Van Rennes. If you can help, please call 748-0355.

A powerful prayer to the Holy Spirit -

Holy Spirit, you who solve all problems, who light all roads so I can attain my goals, you who give me the divine gifts to forgive and forget all evil against me, in this short prayer, to thank you for all things and confirm once again that I never want to be separated from you, even in spite of all material illusions. I wish to be with you in eternal glory, thank you for your mercy towards me and mine. The person must say this prayer for three consecutive days. After three days, the favor requested will be granted, even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor. Only your initials shall appear at the bottom. K.H.

A PRAYER TO THE BLESSED VIRGIN

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in her hands (3 times). Say this prayer for three consecutive days and then you must publish; it will be granted to you. K.H.

## When Nature's Elements Turn Against You, Resist with... Echinaforce®!

### Echinacea and the Native American

To the American Sioux Indians, Echinacea was a plant of many wonders. They discovered and explored its remarkable properties, and used it for a great variety of purposes.

When the weather turns cold and wet, or we're not feeling well, we often turn to "little helpers" - a warm hat, a favorite pair of gloves, or a bowl of chicken soup. It's at these times you'll most appreciate having Echinaforce as a part of your family's stay-healthy diet regimen.
